**APPROVAL OF EXTENSION REQUEST TO SUBMIT TECHNICAL REPORT – FORMER
JALK FEE PROPERTY AT 10607 NORWALK BOULEVARD, SANTA FE SPRINGS,
CALIFORNIA 90670 (SCP NO. 0203, SITE ID NO. 1848000)**

Dear Mr. Vidyasagar:

Los Angeles Regional Water Quality Control Board (Regional Board) staff have reviewed the email letter dated June 28, 2010, prepared and submitted on your behalf by Environmental Resolutions, Inc. (ERI), requesting an extension from July 1, 2010 to July 30, 2010 to submit a groundwater investigation work plan required by the Regional Board in a letter dated March 30, 2010.

The email letter indicates that ERI needs more time to review the files of the Continental Heat Treating (CHT) facility, which is located adjacent to the former Jalk Fee property, and to evaluate the recent exchange of correspondence between the Regional Board and the responsible party of the CHT facility. Upon review, the Regional Board approves your extension request. The due date for the submittal of the groundwater investigation work plan is extended from July 1, 2010 to **July 30, 2010**.

If you have any questions, please contact Dr. Ann Chang at (213) 620-6070 or achang@waterboards.ca.gov.

Sincerely,

Samuel Unger, P.E.
